

The President's Perspective

Don Postler - Village President

It has been a fast-moving summer in Dane. Weather has kept us on our toes, with several damaging windstorms and more rain in one season than we have seen in over a decade. The public works team worked diligently to keep the roadways clear, chip the massive piles of brush, and to keep our stormwater infrastructure flowing. I am grateful for the work they do each day!

This summer has also been event-heavy in Dane. On Memorial Day the Dane American Legion held a remembrance ceremony that included the performance of taps and a 21-gun salute. In June the village continued our 125th birthday celebration with a car, tractor, & motorcycle show at Capitol Valley Park; and also held an ice cream social and ribbon cutting ceremony to officially open the new playground equipment at Bert Deans Park! The Dane Firefighters' Festival brought the community together for softball, music, children's activities, and a parade!

The one thing that all these events have in common is that it takes many hands to execute them, and I can say with confidence that each of these organizations are accepting new members. If you have the spare time I encourage you to get involved with these or other community organizations. It is rewarding to meet fellow-residents and to give back to the community!
