

VILLAGE OF DANE FALL NEWSLETTER October 1, 2014

ALL NEW WATER METERS

The upgrade of water meters in the Village of Dane is almost complete. Thank you so much for working with the water department staff to accomplish this huge task. There are approximately 10 homeowners who still need their meter changed. An additional charge of

\$20 for manually reading the meters will be added to those accounts each month until the meter change is complete. If you have not called to schedule this important appointment, please make time to call us today.

All business locations will be receiving new water meters as we are able to purchase and install them. The technology used to capture water usage is amazing. Water leaks and excessive use can be identified and corrected much sooner with the new meter reading system.

PAST DUE WATER/SEWER ACCOUNTS

Per Wisconsin State Statutes 66.0809 notices will be sent on or about October 15th to all property owners that have outstanding balances on the water and sewer account. If you rent, notices will be sent to both the tenant and the property owner. Penalties of 10%

will be applied to the balance on November 1st. Please make arrangements to pay any past due balance as soon as possible. Unpaid balances as of November 15th are transferred to the owner's property tax bill.
